*Have  
informed  
Col. White*

1. I informed Mr. Sprankle, Deputy Clerk of the House Appropriations Committee that the DCI would be away from 25 March through 5 April, and would therefore prefer to have any appropriations hearing held either before or after those dates. Mr. Sprankle said he had no idea when the hearings might take place as the schedule had been recast due to the shooting of Cong. Jensen.

2. I informed Mr. [REDACTED] of IO Division, that any private bill to be introduced on behalf of [REDACTED] should be introduced under our auspices and not through [REDACTED] approach to Senator Knowland. I pointed out that in view of the fact that [REDACTED] was on the list to be called before the Welker task force, a full disclosure of this possibility would have to be made to the Senator introducing the bill, and that in view of this possibility I would prefer holding up introduction until later in the session as even if the bill were to be introduced now it could not pass this year. It was, therefore, determined that Mr. [REDACTED] would write [REDACTED] saying that we would introduce the bill following submission of a written request from [REDACTED] to IO Division, which could then wend its way slowly through DD/P and Security to this office.
